WHAT IS CLAIMED IS:

1. A method for distributing property in an insolvency proceeding, comprising:

establishing a financial arrangement between a responsible party and a debtor, the financial arrangement including terms for paying claims against the debtor;

offering, by the responsible party, to pay a creditor having a claim against the debtor a predetermined payment amount in satisfaction of the entire claim against the debtor; and

- if the creditor accepts the offer, paying the predetermined payment amount to the creditor.
- The method of claim 1 wherein the payment of the predetermined payment amount is completed within a predetermined time period.
 - 3. The method of claim 2 wherein the predetermined time period is one of a month, a week and a day.
- 20 4. The method of claim 1 comprising:

if the creditor does not accept the offer, paying the creditor in accordance with a payment plan established by a third party overseeing the insolvency proceeding.

- 25 5. The method of claim 4 wherein the third party includes one of a state bankruptcy court and a federal bankruptcy court.
 - 6. The method of claim 1, comprising:

providing, after paying all claims against the debtor, any remaining proceeds of all assets of the debtor involved in the insolvency proceeding to the insuring or other financially responsible party.

- 7. The method of claim 1, wherein the responsible party includes a financial institution.
- 5 8. The method of claim 1, wherein the creditor includes a plurality of creditors of the debtor.
- The method of claim 1, wherein the predetermined payment amount differs from an amount paid in the payment plan
 established by the third party.
 - 10. The method of claim 1, wherein the insolvency proceeding includes a bankruptcy proceeding.
- 15 11. The method of claim 1, comprising:
 establishing a distribution plan;
 identifying subject property of the debtor; and
 wherein the insurance policy terms include paying claims
 against the debtor by the insuring party as a function of an
 analysis of the subject property by the insuring party.
 - 12. The method of claim 1, wherein the insurance policy obligates the insuring party to pay all claims against the debtor.
 - 13. The method of claim 1, wherein the financial arrangement includes an insurance policy.
- 14. The method of claim 13, wherein the responsible party 30 includes an insurer.

25

- 15. The method of claim 14, wherein the insurer includes one of an insurance company or a reinsurance company.
- 16. A system for distributing an insolvent debtor's property to a plurality of creditors in an insolvency proceeding, wherein a responsible party host server and a plurality of clients for each of the plurality of creditors are coupled to a data communications network, the responsible party host server including:
- computer programmable means for communicating with the plurality of creditors, the responsible party and the debtor; computer programmable means for establishing a financial arrangement between the responsible party and the debtor;

computer programmable means for maintaining a database containing information regarding the debtor and each of the plurality of creditors;

computer programmable means for calculating an amount of final payment offered to each of the plurality of creditors; computer programmable means for providing an offer of the amount to each of the plurality of creditors;

computer programmable means for processing one of an acceptance and a rejection of by each of the plurality of creditors of the offer; and

computer programmable means for processing claim payments to each of the plurality of creditors that accepts the offer.

- 17. The system of claim 16, wherein the financial arrangement includes an insurance policy.
- 30 18. The system of claim 17, wherein the responsible party includes an insurance company.

20
